Laugh!

1. What is an elf's favorite sport?
2. Why do elves make good listeners?

MCM Craft Corner

How to Make: Egg Carton Elves

- Materials:**
- Egg carton
 - Tan paint
 - Black sharpie
 - Green, red, and white paper
 - Scissors
 - Glue/Tape

Directions:

- Start by cutting individual cups of the egg carton and painting them with a tan color.
- While they dry, cut out some hats, legs, ears, and shoes. When the paint is completely dry take a black sharpie to make a smile, eyes, and the details of the ears.
- Make the ears by painting on a white piece of paper and then cutting it out (as well as a nose).
- You can tape or glue everything on depending on what materials you have.

TIP: The hats fall off easily but can be fun to play with!
